FOUNDING PHILOSOPHY

To contribute to the realization of an ideal society for the common prosperity of humanity by fostering competent talents through the research and teaching of academia, upholding the spirit of Hongik Ingan (broadly benefiting human life).

EDUCATIONAL OBJECTIVES

In accordance with our founding philosophy, the university aims to cultivate leaders equipped with wisdom, benevolence, righteousness, and courage. To achieve this, we provide a holistic education that fosters and refines sound moral character, while conducting research and instruction in profound academic theories and practical applications essential for the advancement of the nation and human society.
